skills and employability skills to a great extent while 29% marked moderately. 47% of the students said that above 90% of the teachers use ICT tools in teaching and 22% marked between 70-89%. 38% of the students strongly agreed that the overall quality of teaching and learning process in the institution is very good while 44% of the students agreed that the overall quality of the institution was good.

Action Taken

The student's satisfaction survey report was presented to the college administration and the college committees. The report was analysed and discussed with the faculty members and the strengths of the institution were recognized. It was decided that the areas in which the institution is performing well will be continued so that the overall quality of teaching-learning may be improved further. The weaknesses of the institution were also discussed and it was decided that it will be earnestly addressed by the college administration so that the all-round development of the students can be achieved.
